Experience:

UX/UI Design Projects (Freelance)

Sept 2020 - Present

- Creating and iterating wireframes using Figma.
- Conducting user research: competitive analysis, surveys, A/B testing, and user interviews.
- Work closely with cross-functional partners to define/clarify requirements and constraints, and to gather and incorporate feedback.

UX Design & Research Project (Contract)

"Omakase" / March - May 2020

- Conducted user research interviews and prototypes tests.
- Coordinated client communication and facilitated workshops.
- Performed Ideated, mid-high fidelity wireframes and prototypes.

Waiter, Host, and Sales

La Boheme & Mme Colette / April 2018 - July 2019

- Ensured a consistently high level quality of customer service: Provided guests with a friendly and welcoming environment & being attentive to their needs.
- Organized and detail-oriented.
